INTEGRAL LED WALL LIGHT 6" (ANTIQUÉ BRASS) 3000K PURE WHITE

IL6.xxx.500 LED fixture is our most popular, with the perfect combination of slim profile, energy efficiency and generous LED output. Fitting discreetly into your hardscape wall, step, or column, our fixtures allow your design to come to life in the evening hours. The discreet profile of the IL6 is nearly invisible during the day, and at night, delivers approximately 10 watts of illumination to the surrounding surfaces. The IL6 fixture body is made from strong and durable materials, ensuring it will last the lifetime of your hardscape.
